Mr. J. Edgar Hoover

Dear Mr. Hoover:

In connection with the alleged criminal and subversive associations of Jack Ruby, please provide arrest records and summaries of FBI reports with respect to any alleged criminal or subversive activities of:

1. Joe Berds (Clements Report, November 30, 1963, p.456).
2. Martin Dimple (a close friend and Dallas business partner of Ruby who died in 1961 or 1962).
3. Dewey Groom (Clements Report, December 19, 1963, p.190).
4. Isadore "Izzy" Miller FBI Number 2619214.
5. Ralph Paul (Clements Report, November 30, 1963, p.465).
6. George Senator (Clements Report, November 30, 1963, p.296)
7. Elmer Roy Solomon (Clements Report December 14, 1963, p.248).
8. Mickey Ryan aka Roy William Pike (Clements Report, November 30, 1963, p.530).
9. Joe Peterson (Clements Report, December 14, 1963, p.342).
10. Brock Wall (Clements Report December 14, 1963, p.342).

Where possible, it would be helpful if the summaries could show the names of other persons involved with the above individuals.

If you have already forwarded correct records for Mr. Ford and Mr. Conator, it will be sufficient to indicate the date that those records were forwarded.

Finally, an enclosure in your letter of April 7, 1964 shows that Jack Ruby was contacted on March 11, 1959 by Special Agent Charles W. Flynn, who obtained a personal description and added the observation that Ruby was a "known Dallas criminal." Please advise us as to the purpose and other results of Agent Flynn's contact on that date and request Agent Flynn to indicate whether his comment about Ruby's criminal reputation was based on conversations with local law enforcement officers or any other information not then in your files.

Sincerely,

SIGNED
